## FOR STEPHEN AMBROSE

Echo staff photo by Shannon Jenkins

Freda Hartness, president of Friends of Mississippi Libraries, unveils the landmark marker during a reception held at Bay St. Louis-Hancock County Library Tuesday. The library was designated as a national literary landmark in honor of the famed historian Dr. Stephen Ambrose, who used the library for research for his book "Nothing Like It In the World: The Men Who Built the Transcontinental Railroad, 1863-1869."

## SEPARATE CEREMONIES HONOR LATE HISTORIAN

BY BENNIE SHALLBETTER  
Staff Writer

"-10 brought us to Bay St. Louis," said Moira Ambrose, the widow of Dr. Stephen Ambrose, at a dedication ceremony naming a section of the highway for the world renowned author and historian Monday evening at Our Lady of the Gulf.

"We were house hunting ... we passed many shoreline lots and saw this lot with a big live oak ... he (Stephen) asked, 'where do I sign.' He felt at home here ... he couldn't call everyone by name, but the people here provided a safe and friendly place and a private place for writing. I want to thank family and friends

and all of you for the wonderful experience of living here and for this occasion that I and my family will treasure forever."

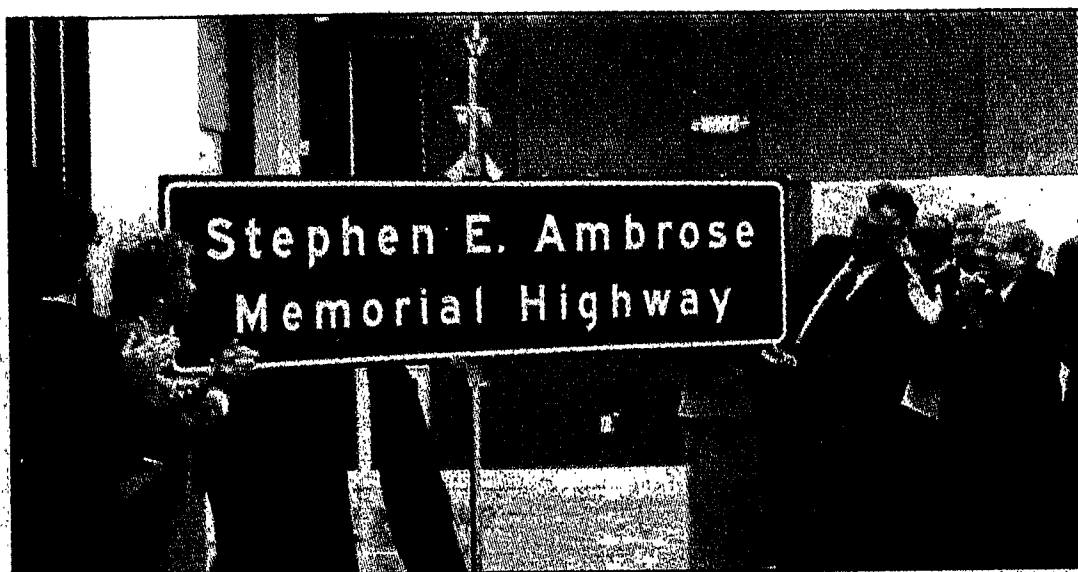

In an evening filled with happy memories, often expressed through tears, friends, family and colleagues remembered the man who - though famous the world over for his award winning books on history - was most remembered locally as the guy who rode his bicycle everywhere with his dog following behind.

"He could have lived anywhere in the world, but he chose Bay St. Louis as his home and his final resting place," said Leo Seal, who

## Bay man gets 20 years for drunk driving

### 2002 accident left another man permanently disabled

BY GEOFF BELCHER  
News Editor

Circuit Judge Kosta Vlahos on Monday sentenced a Bay St. Louis man to 20 years in prison for felony driving under the influence in connection with an April-2002 car accident that caused another man permanent brain damage.

It was an emotional moment in the Hancock County courtroom Monday as Vlahos pronounced the sentence for 21-year-old Brandon Kimble. Kimble pled guilty in August to

driving under the influence of alcohol at the time of the accident.

According to information released by the Mississippi Highway Patrol at the time, the accident occurred at around 6:40 p.m. on April 14, 2002, when Kimble drove his 1996 Thunderbird across the median into the southbound lane and was struck by then-18-year-old Michael Sones' vehicle. The crash occurred on Hwy. 603 near what was then

BY ELLIS C. CUEVAS

A Springwood Park resident was arrested Monday after threatening the life of a Hancock County deputy sheriff who was investigating a possible domestic dispute, Sheriff Steve Garber said yesterday.

The incident began, when Bay St. Louis Police had filed a domestic disturbance at their office, reporting that the incident took place

at the last house on Avocado Street in Springwood Park - and the information was passed to the sheriff's department.

Deputy Reserve Nathaniel Jewel, on Sunday night, went to the residence and entered the yard of an elderly man, identified himself as a deputy sheriff. The man cursed Jewel out and told him to leave the proper-

There is still no decision on the fate of a petition filed with the county a couple of weeks ago by a group of citizens who say they are concerned with the spending practices of the Hancock County Water and Sewer

Group members filed the petition, signed by what they say are concerned residents in the district to call for a vote on a \$1.2 million revenue bond issue proposed by the district to help finance Phase 2 of a water

## Bay Post Office gets 'Yellow Jersey' flag

Local branch selected for national honor

**THE SEA COAST ECHO**  
A customer appreciation day was held Oct. 17 at the Bay St. Louis Post Office to celebrate the branch receiving "The order of the Yellow Jersey" flag in recognition of its outstanding performance and teamwork in satisfying customers.

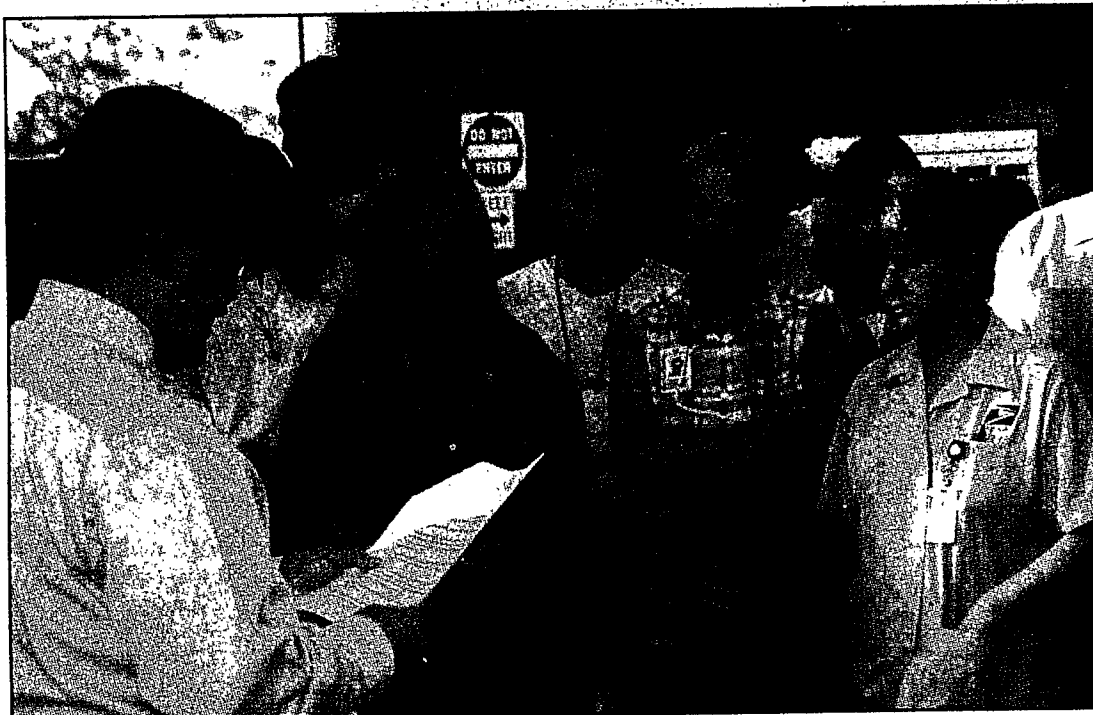

The new flag features the Postal Service logo with the eagle body emblazoned in yellow. The flag is awarded to postal facilities that receive high marks in the Customer Satisfaction Measurement Residential survey conducted for the Postal Service by the Gallup Organization.

The yellow jersey is designed to mirror the symbol of excellence won by the daily leader and winner of the prestigious Tour de France bicycle race. For the last five years, that champion was Lance Armstrong, a member of the U.S. Postal Service Pro Cycling Team.

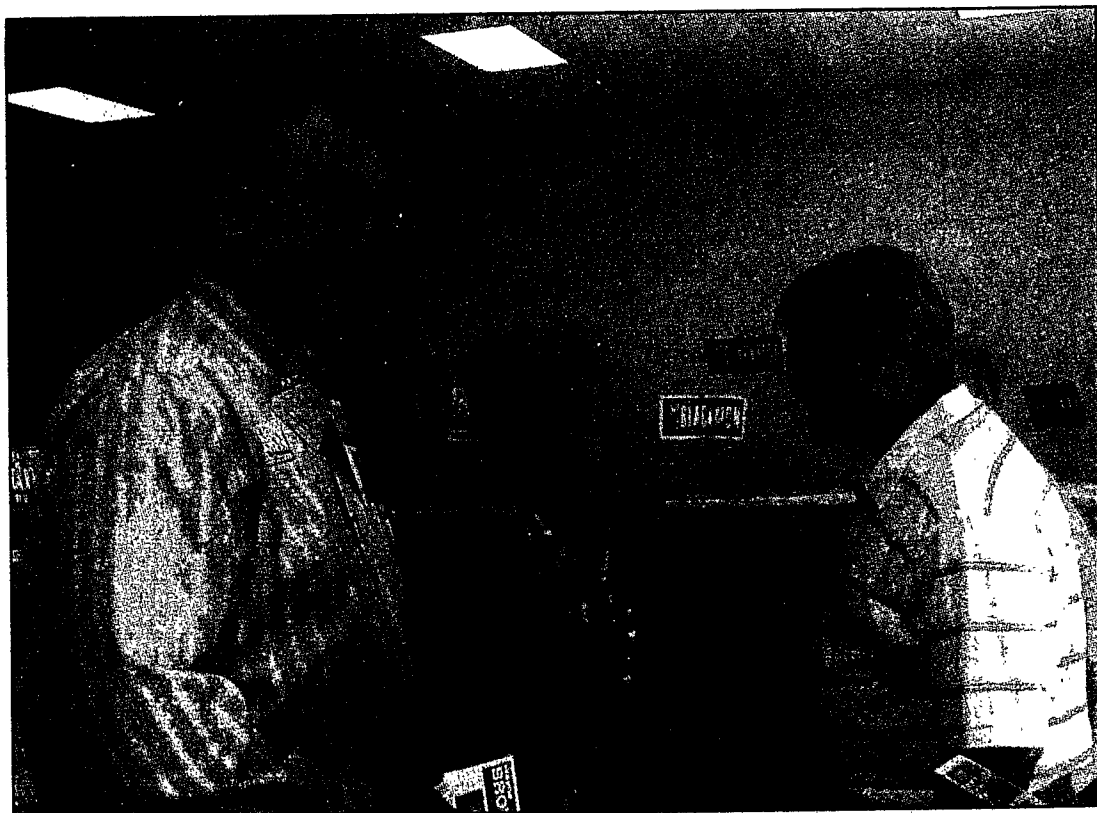

The Postal Service's Office of the Consumer Advocate bases the quarterly award on an overall performance plus three key elements of Gallup's survey — data-accuracy of delivery, consistency of delivery and professionalism in serving retail customers.

# Scouts to honor Gene Taylor

**THE SEA COAST ECHO**  
The Pine Burr Area Council, Boy Scouts of America will honor local Congressman Gene Taylor as the 2003 Distinguished Citizen.

The dinner and award presentation is scheduled for Monday, Nov. 3, at 6 p.m. at the Grand Casino Biloxi, Bayview Ballroom (Northside Hotel).

"Congressman Gene Taylor is the kind of man that this award seeks, to recognize," said Rob Hofmann, Scout Executive/CEO for the Pine Burr Area Council. "He has balanced service and dedication to our country, our

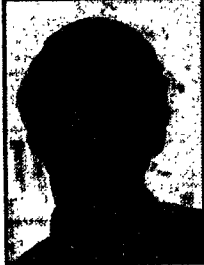

community and his family in a very profound way." Congressman Taylor is a graduate of Tulane University in New Orleans with additional post-graduate work at the University of Mississippi, Gulf Park Campus.

Taylor is one of only a handful of Members of Congress with hands-on experience in the United States Coast Guard. Serving in the Coast Guard Reserve from 1971-1984 as the skipper of a search and rescue boat, he received the Commandant's Letter of Commendation for fire

fighting and a letter of Commendation for saving the life of a crewmember. Taylor and his wife, the former Margaret Gordon of Bay St. Louis, have three children, Sarah, Emily and Gary. Prior to his election to Congress in 1989, he served as a member of the Bay St. Louis City Council and the Mississippi State Senate. In the U.S. House of Representatives, Taylor serves on two major committees, the House Armed Services Committee and the House Transportation and Infrastructure Committee. As a member of the Armed Services Committee, he is the Ranking Member of the Subcommittee on Military Procurement. He also sits on the Military

Installations and Facilities Subcommittee and Merchant Marine Panel. On the Transportation and Infrastructure Committee he serves on the subcommittees of Coast Guard and Maritime and the Water Resources and Environment. In addition, Taylor serves as co-chair of the following three Congressional Member Organizations: National Guard and Reserve Caucus, Coast Guard Caucus, and Expeditionary Warfare Caucus.

Tables and individual tickets for the dinner are available. For more information please contact Becky Morris at (601) 582-2326 or Robert M. Harrison at (601) 606-6126.

# Diamondhead makes a difference

## THE SEA COAST ECHO

On Saturday, Oct. 25, Diamondhead residents will join the millions of people on America's largest day of service — Make A Difference Day.

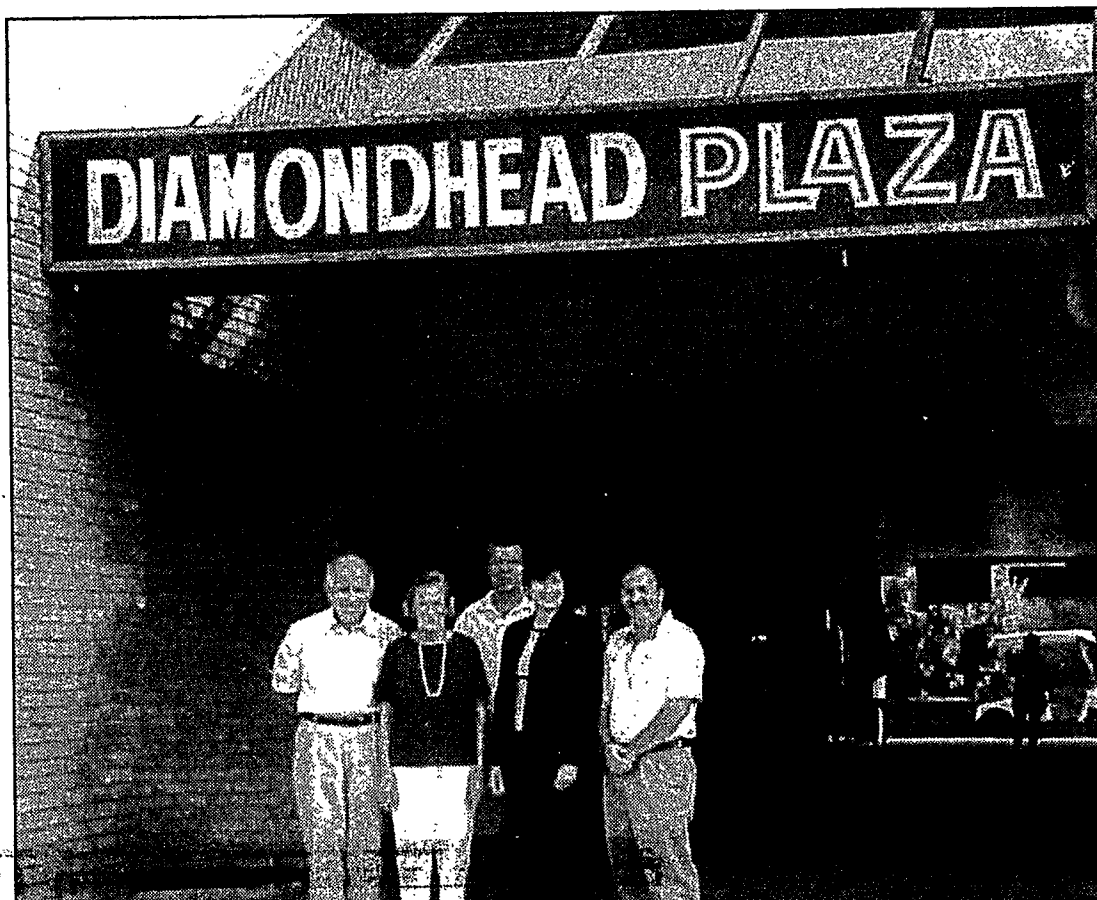

Diamondhead Make a Difference Day features the collection of non-perishable foods for Hancock County Food Pantry, of paper products (cups, plates, napkins, paper towels, etc.) for Hope Haven and of clothing, kitchen items, household items, miscellaneous items for Goodwill.

Two large trucks will be stationed in the Diamondhead Plaza on Oct. 25 from 9 a.m. until 2 p.m. to collect the donated items. Tax receipts will be available to donors at the plaza.

For those who are not able themselves to bring their donations to the plaza or to have a neighbor bring the donations, arrangements can be made for a limited amount of home pick-ups by volunteers on Oct. 25 between 9 a.m. and 1 p.m.

Call Diamondhead Whitney Bank Branch at 228-463-2120 before Saturday to arrange for a home pick-up. Because of limited pick-up capacity, Diamondhead residents are asked to make every effort to get the donations to the plaza themselves.

For donor convenience, collection boxes for Hope Haven (paper products) and

Diamondhead Make A Difference Day planners: from left, Tom McCormick (Hancock County Food Pantry), Avis Morreale (Goodwill Industries of South Mississippi), Donnie Martin (Diamondhead Supermarket), Cindy Knoblock (Whitney Bank Diamondhead), Terry Latham (Hope Haven)

Hancock County Food Pantry (non-perishable food) donations will be located in the Diamondhead Supermarket from Oct. 17 through Oct. 25.

All the citizens of Diamondhead are again this year asked to unite with their neighbors to make the world, and more especially

the world of those needy here in Hancock County better. No, the whole world will not be changed by Diamondhead donations on this Make A Difference Day but at least a small part of it will.

"Better to light a single candle than to simply darkness."

## Cuevas' Quotes

by Ellis C. Cuevas  
Publisher Emeritus

The Hawks of Hancock got back on the winning track Friday night by taming the Natchez Bulldogs in their own back yard.

Hancock still has three games to go in regular season high school play and will be really tested this Friday when they play host to neighboring Picayune.

It is always a battle with Picayune for the Hawks, but play like last Friday could change the Tide's outcome.

Last Friday encounter between the St. Stanislaus Rockchaws and Bay High Tigers lived up to the expectations of many.

It was predicted to be a close game by many and the 19-14 victory by the Rocks could not have been much closer. It was a game which the victory could have gone either way.

This week Stanislaus will celebrate Senior Night as the Rocks play host to Gauthier.

Stanislaus is 4-4 for the season, but are 3-1 in conference competition.

This is another conference tilt for the Rocks and they need to be ready for Gauthier.

Bay High will be trying to rebound when they play host to East Central in a conference game.

Bay High needs to get its passing attack back on track to get back in the winning column, as they have won five games this year and a victory would give them at chance at a 7-3 record for the year with only one regular season game remaining after Friday.

Pass Christian at 4-4 for the year, knocked off East Central last Friday, 19-13, and will be at home as they entertain the Vancleave Bulldogs in a conference game.

The Pirates seem to be up and down in their play, but when they are on, their opponents need to look out.

The Tigers, Rocks and Pirates have only two regular season games to play, while the Hawks have three.

The teams members have worked many months to reach where they are now at. Give them your support by being at the game Friday night.

A lot of time and effort by coaches and players makes up a football squad. So, show your appreciation by wishing them to victory.

It is a repeat performance for Our Lady Academy, as the Crescents are state champs in volleyball.

Last Saturday, OLA captured the Class 1 championship by downing Oxford 15-9 and 15-8.

In 2002, OLA captured the combined all classification championships. This year the girls high school soccer teams were divided into two classes.

OLA's coach Mike Meyers along with all the volleyball players need to be commended for their great effort in bringing home another championship.

The OLA girls work very hard in volleyball and several other sports and their state championships just keep coming.

For a team that lost five seniors from the 2002 squad, OLA matured over the season and became a team to be taken seriously.

Keep up the good work OLA.

Well, it will be clock time changing again Sunday morning.

This time we roll back the clock one hour, as Daylight Saving time ends.

I still do not like the changing of the time, but the powers to be have other ideas.

I like a little time in the evening when I get home from work.

## Blackmon challenges Tuck on abortion

Barbara Blackmon threw a bomb never seen before on the state's political stage when she challenged Amy Tuck to join her in certifying she had never had an abortion.

Conventional wisdom says state Sen. Blackmon's bomb was self-destructive to her chances of being elected lieutenant governor and unseating Tuck.

That's an expected reaction. Largely because, as mentioned, people have never before seen the highly-emotional abortion issue presented in such a way in Mississippi politics.

However, there are some unique aspects to a contest for lieutenant governor between two women, something we have never seen before.

And because the subject of abortion for several years has gotten into our political

### Eyes on Mississippi

By Bill Minor

dialogue, it is not remarkable that personal experience on the subject would come into play.

Democrat Blackmon is married, and has two sons, ages 14 and 18. Republican Tuck had formerly been married but is not now. There's no indication she has any children.

Politically risky as it was for Blackmon to make total disclosure of how she has personally dealt with choosing, or not choosing to have an abortion, and challenging her opponent to do the same, there's logic behind it.

First, it was Tuck, not Blackmon, who put the subject of abortion into the campaign, after Sept. 8, when Tuck was endorsed by the National Right-to-Life organization. With Amy in

the amen pew at the endorsement, Blackmon was characterized as having taken "extreme" positions and "clearly support(ing) abortion."

Tuck had followed up with a mailing that stated protecting the unborn is an issue on which "the differences between the two candidates (have never) been so clear."

Until then, Blackmon says, she had no intention to issue a challenge to Tuck for both women to swear under oath if they have ever had an abortion.

"But she was the one who brought up abortion as an issue, not I," Blackmon told me.

"After what was said," she added, "I felt it was necessary to make clear that I have never had an abortion, that I strongly believe in the sanctity of life, that I made the choice of life, and have two fine sons. I believe each woman has that right."

Blackmon said "I have

affirmed that an abortion has never happened in my life, and I believe both candidates should do the same."

Three weeks ago Blackmon released her sworn affidavit. Tuck denounced it as "sleazy" and "low-road politics," and said she would sign a similar oath. So far she has not.

In statements, Tuck has insisted that in her public life she has always been a staunch pro-life and against choice.

However, that doesn't comport with her public record going back to her first race in 1990 for an open state Senate seat in Oktibbeha County, and again, when she ran unsuccessfully for Secretary of State in 1995.

A November 30, 1990 news story in the Starkville Daily News about a candidate debate, said Tuck in answer to a question on abortion "expressed a belief to a woman's right to make a

## War veterans at home

When we think of military veterans, we think of those veterans serving in the many conflicts that fill the history books of this nation. The story that is seldom told is how these veterans and their families served their community after leaving the military.

One only need to visit the veteran administration hospitals, nursing homes, schools, community projects, churches and community government buildings to see a veteran or family member at work. There are over 250,000 veterans in Mississippi alone and 40 percent or more of those are said to be veterans who have served in a combat zone. As a group the military veteran devotion to community service outnumber their civilian counterpart.

A review of the programs our veteran organizations are involved in, show the divisions they are committed to. These divisions may be broken down into community involvement, cooperation with other community organizations, aid to others, school and church assistance, safety and Americanism.

Few of us have not been touch by a veteran in our

young life. Our contact with the veteran are in the community, blood drives, CPR class, highway beautification, fund drives as March of Dimes, Muscular Dystrophy, Special Olympics, U. S. saving bonds, hospital volunteers, senior citizens programs, personal or family tragedy/illness volunteerism in school, speaker, school assistance, bicycle safety, drug awareness, fire arms, recognizing our fireman, police and EMT personnel, child safety, etc.

The veterans are heavy in Americanism with flag presentations, flag raising, Flag Day, Color Guard, Get Out the Vote program, distributed patriotic literatures, patriotic assemble, flag education, Veteran Day, Pearl Harbor, 9/11 day, Loyalty Day, flag disposal, etc.

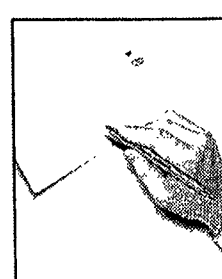

Their involvement with youth need not be overlooked. Examples are sports, scouting, youth contests, scholarships, special events, education/instruction, youth recognition, JROTC, ROTC, etc.

Little or no donated money to a veteran program go to administer the program. Well over 98 percent of funds collected go direct to

the cause and not the promotion. You will find few if any payroll toward running their community programs. An example is the "Buddy Poppy."

Across America tens of thousands of men and women volunteer to be poppy sellers and are offering you a opportunity to personally thank the service men and women who have made the supreme sacrifice and those countless men in hospitals who may never again, be physically fit.

It is the hospital men and women who assemble the Poppies, tie them in bunches and ship the poppies to over 10,600 Veterans of Foreign Wars posts and auxiliaries

throughout the nation.

The sale of Buddy Poppies is the only public solicitation conducted by the Veterans of Foreign Wars. The sale in this area is by the Veterans of Foreign Wars Post 3253, 208 3rd. St. Bay St. Louis, MS. 39520. For information or donation, contact the Commander E. L. Schloegel at 228-467-6772.

The War Veteran can be sum up with their slogan "Country in War, Community in Peace" Next time you see a veteran thank him or her for their service not only to country, but also to your community.

# Moseley honored at Ole Miss

THE SEA COAST ECHO

A new report released by the University of Mississippi shows how women in the state are faring in jobs, careers, education, finances and physical health.

Produced by the Sarah Isom Center for Women, the 80-page publication, "A Weave of Women: The Sarah Isom Report on the Status of Women in Mississippi," was the focus of a reception at Southside Gallery last week. A formal program honored Alice Moseley of Bay St. Louis and nine other women who are profiled in the report.

"Using facts, statistics and analysis, the project seeks to give an accurate account of how women are faring in the state," said Jennifer Nelson, director of the Isom Center. "It also attempts to advance their status by identifying needs that are crucial to their well-being, then inspiring women to take action to address those needs."

The report features stories about ordinary women who are reminders of the impact a single person can make to improve not only her own life but also the lives of many others.

"We began this project because we believe that nothing can more powerfully embody and communicate the profound need and extraordinary potential of these women than their own voices," Nelson said.

The book's foreword is by Emmy Award-winning actress Sela Ward, a Meridian native. "My love for Mississippi includes not only my desire to preserve the best of the past but also my wish to create a lasting and positive change for the whole community," Ward said.

The report's statistical information comes mostly from the 2000 U.S. Census. Charts and graphs, which were provided by UM's Center for Population Studies, show such information as percentages of the state's population by race; families with children under age 18 with single female, single male and married couple households; males and females by age with high school diploma, undergraduate degree and college degree; and employment status and income by gender.

"Another impetus for this report is in response to a similar report published in 1998 by the Institute of Women's Policy Research in Washington, D.C., that offered a rather grim picture of women in

Alice Moseley, center, mingles at a ceremony at Ole Miss where she was recently honored.

Mississippi," Nelson said. "In 2002, the institute published (The Status of Women in the States) compiling information on all 50 states, then singling out Mississippi as the worst state in America for women to reside."

"In response to those bleak findings, Marianne Hill, senior economist at the Institute for Higher Learning, formed the Mississippi Coalition of Women, with the goal of bringing together leaders to address the problems outlined in the report."

Twenty-five organizations cooperated for the coalition's first conference, at which they defined as a primary goal the creation of a Mississippi Commission on the Status of Women, which remains active in addressing women's issues. The Commission published the 2002 Report of the Mississippi Commission of the Status of Women, which supplemented the census information used in the Isom Center's report.

"One of the drawbacks to the information released through the U.S. Census is that many of the indicators we wanted to look at were not broken down by the respondents' gender," Nelson said. "This omission further highlights the need for organizations to gather information specifically on women."

Following are samples of information contained in the report:

• Poverty seems to hit women in Mississippi especially hard, with the state ranking 47th in the nation for the number of women living above the poverty

level. However, between 1995 and 1999, the percentage of Mississippi women living in poverty dropped by 5 percent, from 21.4 percent to 16.8 percent.

• Women still have a long way to go when it comes to pay equity. While women make up 60.9 percent of the lowest income-level group in the state, men comprise the majority of the higher-earning groups.

• Most single-parent households are headed by mothers, and nearly half (48.1 percent) of families with children under 18 headed by single women are living in poverty, compared with just more than a quarter (26.7 percent) of those headed by single fathers, and 8.9 percent of married-couple families with children this age.

• There are more female than male college students. Fifty-six percent of the state's undergraduate students are women, and 58 percent of graduate school students are women.

The women featured in the report are Roberta Avila of Biloxi, an advocate for Mississippi children; civil rights activist Winson Hudson of Harmony; Elise Turner of Jackson, a sexual assault nurse examiner for the Mississippi Coalition Against Sexual Assault; family nurse practitioner Barbara Criswell of Sumner; Betty Ward Fletcher of Jackson, college professor and president of the Commission on the Status of Women; Willie Knighten of Rome, a medical technician and community developer; Keyana Mitchell of Clarksdale, a student at Emory

University's School of Medicine who plans to return to Mississippi to practice; artist Alice Moseley of Bay St. Louis; filmmaker and philanthropist Rachel McPherson of New York City (formerly of Monticello), telling the world about her home state; Cathy Wood of Tupelo, a bank trust officer who teaches women how to handle their finances.

choice."

Significantly, the same Right-To-Life organization which now enthusiastically endorses Tuck for lieutenant governor had endorsed her opponent (Eric Clark) in the 1995 Secretary of State's race, and also branded her in public statements as a foe of their anti-abortion position.

Few Mississippians—including most of her new GOP friends—are aware that Tuck had first arrived on the political stage in January, 1991 as the newly-elected 27-year old female Democratic state senator from Oktibbeha County, bearing the name Amy Tuck Powell.

Six months earlier she had married Eddie Powell whom she had evidently met while she was a graduate student at Mississippi State University.

A year after she came to the Legislature, the name of Mr. Powell quietly became history (ostensibly by divorce) and was dropped from her resume. She's been simply Amy Tuck ever since.

Eddie Powell is now an attorney living in Houston, Miss., and practicing in Tupelo.

The fact that Tuck is a divorcee would be of little political significance if it were not that Republican Haley Barbour has obviously injected the divorced status of Gov. Ronnie Musgrove into his race to unseat Musgrove.

At every opportunity in debates and in mailings Barbour invokes the presence of his own wife, Marsha, sending a message that Musgrove is spouseless. Two years ago, Musgrove and his wife, Melanie, were divorced without public fanfare. Neither has remarried.

A Tuck TV commercial accuses Blackmon of having sponsored a bill to increase the sales tax, while contending Tuck has consistently opposed any tax increases.

Tuck's tax pitch is seriously disingenuous in two ways:

• First, the bill Blackmon co-sponsored did not raise the sales tax, it was a measure with bi-partisan support allowing counties and towns to temporarily levy a sales tax by local option election.

• Second, and more important, Tuck, as a state

senator in 1992 voted FOR the bill that raised the state sales tax to the present 7-percent rate; then, after Republican Gov. Kirk Fordice vetoed the bill, Tuck voted to successfully override the veto.

Four years ago when Tuck, then a Democrat, narrowly defeated Republican Bill Hawks for lieutenant governor the GOP made much of the fact that Tuck after attending Jackson School of Law had three times failed the state bar examination, then unsuccessfully sought to get the state Supreme Court to pass her.

Now as a convert to the Republican Party in her lieutenant governor bid, you hear nothing from the GOP camp about Tuck's bar exam debacle.

Nor has Blackmon raised the issue, as well she could.

A 1982 graduate of the Ole Miss Law School (in the last class exempted from taking Mississippi's bar exam) Blackmon later gained a masters in tax law from New York University and passed the New York state bar exam on her first try.

said he remembered Ambrose as an ordinary citizen who rode his bike down city streets.

Seal commended local legislator J.P. Compretta as being the man responsible for seeing to it that the request to rename the section of highway for Ambrose did not fall pray to a string of red tape. He also gave credit to Southern District Transportation Commissioner Wayne Brown for designating the section of highway from the Mississippi/Louisiana state line to Hwy. 43 as the Stephen E. Ambrose Memorial Highway.

"When motorists see the sign they will know they are in Stephen Ambrose country," said Seal.

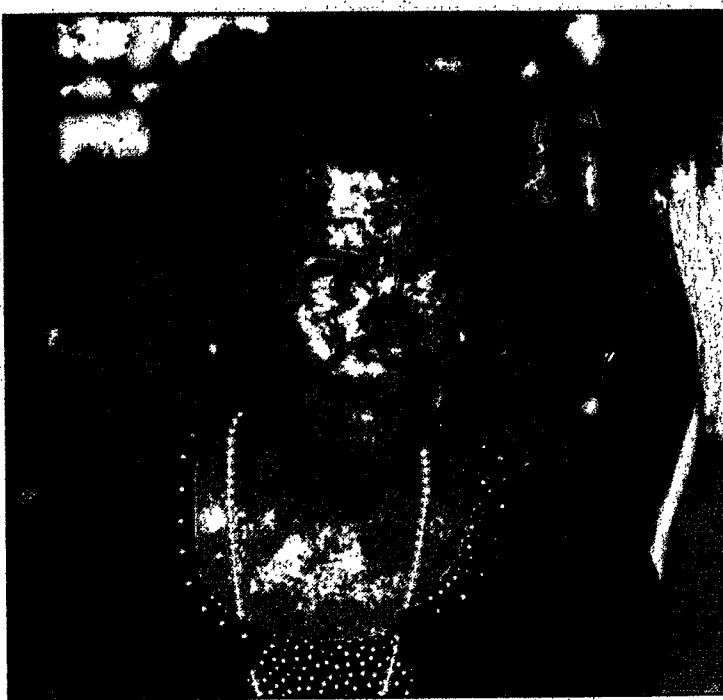

"He bridged this generation to the last and he took us on rides we never dreamed about," said a

friend and colleague. "He wrote about roads, the poetic roads less traveled where men and women dreamed and in a way that we knew he was speaking to us."

A letter sent by U.S. Rep. Gene Taylor lightened the mood of the evening. Taylor recalled sitting beside Moira at an event where Ambrose was speaking.

"Moira said that if I fell asleep during Dr. Ambrose's speech, she would never vote for me again," the letter said.

Ambrose grew up in Wisconsin. Besides being a best-selling author, he served on the faculty of many universities including the University of New Orleans, from which he retired in 1995. He was also instrumental in establishing the National D-day Museum in New Orleans.

## Bay library named literary landmark in honor of Ambrose

BY SHANNON JENKINS  
Staff Writer

Many city and county officials and friends and family of the late Stephen E. Ambrose turned out for a special ceremony at the Bay St. Louis Library on Tuesday.

The library was designated as a national literary landmark in honor of the famed historian who used the library to research for his book "Nothing Like It In the World: The Men Who

Built the Transcontinental Railroad, 1863-1869."

The Bay St. Louis branch is now one of approximately 60 sites in the nation to receive this honor from the Friends of Libraries USA.

Ambrose's wife, Moira, helped unveil the bronze plaque which designated the library as a landmark.

As a friend of Ambrose, historian Douglas Brinkley spoke of Ambrose's career and his contribution to the world.

ty, as he had no right to be there. As Deputy Jewel backed out of the yard the man picked up a 410 gauge sawed-off shotgun, pointed at him threatening him, and continued to cuss him as he left the property, Garber said.

On Monday, as investigators were securing a search warrant for the residence, they discovered there were two outstanding misdemeanor arrest warrants for the subject, one from Bay Municipal Court and the other from Hancock Justice Court. Also it was learned there was a 1996 charges against the suspect for a 1996 shooting into dwellings, investigators say.

The sheriff's department made a decision to use the Special Operations Division's officers to execute the search warrant, in addition to the two outstanding arrest warrants, since the man had the potential for violence, Garber said.

"Dillon Taylor, 86, Avocado Street, was arrested and additionally charged with simple assault on a police officer, in addition to the outstanding charges," Garber reported.

The sawed-off shotgun was confiscated.

It was later learned the domestic incident did not occur at the man's residence, Garber said.

Thompson's Seafood. The impact of the crash caused Kimble's vehicle to split in half.

Police said at the time that Kimble's vehicle had "lost control and failed to yield right of way."

Sones had to be extricated from the car. Also injured was an 18-year-old female passenger in his car, according to the MHP report.

Kimble was ejected from his vehicle and suffered cuts to the head, as did two male

passengers in his vehicle.

Kimble wrote in his guilty plea in August of this year that he had drunk three beers prior to the accident. Court records indicate that he had a blood alcohol level of .11. Under Mississippi law, it is a crime to drive with a blood alcohol level of .08 or above.

Sones had multiple surgeries since the crash and, according to court records, is permanently disabled.

## Cast Your Vote Nov. 4th

### Madeline Prendergast Justice Court Judge Place 2

Having 23 years collective experience in the Judicial System of the State of Mississippi, I am extremely qualified and have a willingness to serve the people of Hancock County as their Justice Court Judge

My career started as a Deputy Chancery Court Clerk. I spent 9 years in the Chancery Court Clerk's office of Hancock County. In 1984, I became employed with the City of Bay Saint Louis. The past 14 years of my employment have been in the position of City Court Clerk

In my position as Court Clerk I have been required to take Continuing Education Classes twice yearly, given by the Mississippi Judicial College. These classes have kept me current on new and changing laws of our state. With my weekly court room experience, I've had the opportunity to stay in close contact with many people in Hancock County. I am very aware of how important it is to give consideration to all parties on any legal issue.

I would greatly appreciate the opportunity to serve the people of Hancock County. So please cast your vote for me in the November election.

Parents ask Dr. Ruth McPhearson, psychologist—

## "What should I do if my child disregards rules and has no regret for offensive behavior?"

Most children break rules or "test the limits" to learn what behaviors make mom and dad mad, and which do not. In some instances, a small number of youths genuinely don't care about rules or consequences, even when their behaviors are highly destructive and dangerous to themselves or others. This attitude appears to develop over time, and isn't often seen in young children. However, once present, such an attitude can have a very negative impact on the youth's social, family, and academic functioning. If this attitude is exhibited in addition to behaviors such as fire setting, frequent involvement in physical fights, cruelty to people or animals, deceitfulness or theft, then the possibility of a significant psychological problem exists. If you are concerned about your child's behavior, call us now or anytime. There's always a counselor standing by to help you.

## Petition -- sewer bond issue

project.

Hancock County Board of Supervisors Board attorney Ronnie Artigues said on Wednesday that the petition was in the hands of Circuit Clerk Pam Metzler, who is in the process of verifying names on the document.

In order to call a vote on the issue the petition must contain the names of at least 20 percent or 150 signatures, whichever is smaller, said Water and Sewer District director Eddie Renz, of verified registered voters in the district.

So far, Artigues said, Metzler has verified that 184 names do belong to registered voters in the county, but their addresses have not been verified as in the district yet. Some people have apparently asked that their

names be removed from the petition, he said. Investigation into the matter will continue, Artigues said. Supervisors accepted the petition today.

In other business:

• Repairs to the closed Joe's Bayou Bridge could cost the county anywhere from \$83,000 to \$133,000, depending on the path taken to repair washouts at the bridge abutments, said county engineer, Jeff Clemens. Supervisors told Clemens to go forward with repairs, taking the less costly route. Funds will come from the Bridge Construction Fund.

• Building official Mickey Lagasse asked the county to actively pursue becoming a part of the community rating system which is a FEMA

program that encourages communities to practice flood safety to lower flood insurance rates.

• Lagasse announced

## Cancer Society Lighthouse Ball to honor local hospitals, volunteers

Just as a lighthouse guides troubled mariners to safe harbor, there are many people and organizations along the Coast that light the way in the fight against cancer.

The American Cancer Society Lighthouse Ball is Saturday, Nov. 1 at 6 p.m. at the Beau Rivage Resort and will honor those along the Coast who make a difference in the fight against cancer.

The Lighthouse Ball is the American Cancer Society's first-ever gala event on the Coast. The event will honor Dr. John Kelly, a long-time American Cancer Society volunteer, and local hospitals for all they do in the fight against cancer.

"Receiving a cancer diagnosis can be devastating," said Robert Morris, American Cancer Society vice-president for Mississippi. "Through the efforts of our local hospitals and volunteers like Dr. Kelly, we are able to improve the quality of life

for cancer patients and inch closer to our goal of eliminating cancer."

Dr. Kelly, of Orange Grove, has volunteered with the American Cancer Society for almost 30 years. He is a past chairman of the national board of the American Cancer Society and currently serves on the Mid-South Division Board.

The event will also honor Biloxi Regional Medical Center, Garden Park Medical Center, Gulf Coast Medical Center, Hancock Medical Center,

Keesler Medical Center, Memorial Hospital and Singing River Hospital System for their early detection and treatment of cancer efforts.

The event will feature dinner, a silent auction and dancing. Tickets are still available and are \$100 per person. Proceeds from the event benefit the American Cancer Society.

For more information about the gala or for cancer information, 24 hours a day seven days a week call 1-

800-ACS-2345 or visit [www.cancer.org](http://www.cancer.org).

The American Cancer Society is the nationwide, community-based, voluntary health organization dedicated to eliminating cancer as a major health problem by preventing cancer, saving lives and diminishing suffering from cancer, through research, education, advocacy and service.

## Triton produces new, through-the-wall ATM

Triton's newest product and first through-the-wall ATM, the FT5000, is now available for delivery. Based on a Windows® Intel® XScale PC platform, Triton's FT5000 advanced functionality ATM provides financial institutions and retailers with a high performance, affordable, through-the-wall ATM solution for drive-up or walk-up installations.

According to Triton's president, Brian Kett, financial institutions and major retail beta participants note that Triton's FT5000 has the presence and advanced functionality of existing high-end ATMs with the quality and low cost of ownership that are the hallmark of Triton ATMs. "With the support of our national and regional service network, the FT5000 provides our financial customers with a flexible cost efficient alternative to purchasing expensive Triple DES upgrades for their existing ATMs," Kett said.

"We've not had an ATM on-site before and we did a lot of research," said Sandy Lumbley, president of Kerr County Federal Credit Union. "The FT5000 was very cost effective and we're using it to advertise loan rates, CD rates, and a new branch. Our joint venture with ATM Ventures and the price and functionality of the Triton ATMs made it possible for us to have ATMs-we only had to fill out one form to start!"

Triton's FT5000 through-the-wall ATM incorporates cost-saving features like TCP/IP-based network communication and revenue generating features like couponing, advertising capabilities, and Triton Waves value-added services.

## Hancock High student first on Coast to earn Yale Book award

Lacey Wahl of Hancock High School received the prestigious Yale Book Award in May 2003. She is the first student on the Coast to receive this award. The award was presented by alumnus Dr. Robert W. Farwell, a resident of Diamondhead. Dr. Farwell is a 1950 graduate of Yale and nominated Lacey because of her exceptional character. The criteria to receive the award is the student must be in the top 1 percent of the junior class, demonstrate "outstanding personal character and intellectual promise," and be interested in applying to Yale University in New Haven, C.T. Lacey and her family visited Yale this summer and were very impressed with the campus and surrounding area.

## ACT registration deadline is Nov. 7

### THE SEA COAST ECHO

College-bound high school students who want to take the ACT test for college admissions have two chances to register before the Dec. 13 national test date.

The postmark registration deadline is Friday, Nov. 7. There is also a late registration postmark deadline on Nov. 20 (an additional fee is required for late registration).

Students can get information from their high school counselor or register online at [www.act.org](http://www.act.org).

ACT scores are accepted by virtually all colleges in the nation, including all Ivy League schools.

The ACT is a curriculum-based achievement test not an aptitude test. There are four sections, covering English, reading, math and science. The tests cover material that students study in high school.

ACT scores are considered by colleges for admissions and course placement, along with several other important factors including high school

GPA, college prep courses taken in high school, extracurricular activities, personal background and other information. The test fee is \$26 (\$29 in Florida).

To learn more about the ACT Assessment, including registration forms and test locations, contact your high school counselor or go to the ACT website ([www.act.org](http://www.act.org)), which also offers helpful information including test-prep advice, sample tests and a free financial aid needs calculator.

## El Mariachi Loco Inc.

Bienvenido! (welcome) to the best Mexican Restaurant around. Let me introduce you to El Mariachi Loco Mexican Restaurant located at 2060 Waveland Ave. and Hwy. 90, next to Waveland Market Center and now in Diamondhead too at 445 Yacht Club Dr.

Ivan Marino, owner, has worked very hard to achieve his goal of having his very own restaurant and is so pleased with the comments he has been receiving from his valued customers. Marino feels that his reputation is riding on each and every dish that is served, so therefore great emphasis is placed on quality. However, just because the quality is excellent doesn't mean they scrimp on quantity. The portion sizes are very generous, the prices are reasonable and the service is great. For your trip to El Mariachi might I recommend what I had, an appetizer of guacamole dip, it was fresh, delicious and a wonderful glimpse of what was to come. I then ordered the Shrimp Quesadillas which consisted of two flour tortillas stuffed with fresh gulf shrimp, pico de gallo and cheese served with garden salad, sour cream, cheese dip and salsa verde, all this for under \$10.00!

So delicious, it would be well worth twice the price! The menu is extensive and offers salads, an ala carte menu, traditional Mexican favorites, vegetarian plates and desserts. Ice cold domestic and imported beers are served at both locations. A full bar is open in Waveland and serves 99¢ margaritas.

Marino stresses the importance of cleanliness in his restaurants. I've been all over the restaurants and I can tell you they are spotless!

So, now you've been introduced to El Mariachi Loco Mexican Restaurant, you know about the fantastic food, the excellent service, and what a great value it is, but don't just take my word for it, Try it for yourself. I am confident you will be pleased and return again & again just as I have.

# Pass Boys & Girls Club canoes Wolf River

Seventeen members of the Boys & Girls Club from Pass Christian inaugurated The Wolf River Conservation Society's (WRCS) Wolf River Canoe Trail Saturday.

The trail, created this year, offers youth under 18 years of age the opportunity to discover the beauty and important resources of the Wolf River and surrounding Mississippi coastal land. Members of the club staff, WRCS members and DuPont DeLisle employees accompanied the group of some 25 clubbers.

For the 17 member of the Boys & Girls Club, canoeing down the Wolf River was a first for many of them. Most had never paddled a canoe and were given paddling and safety instruction by Joe Feil, a founder and Board member of the WRCS who also supplied the canoes and life preservers for all the voyagers. After a short period of adjusting, clubbers took to the paddling with ease and enthusiasm.

According to Bob Fairbank, president of WRCS, the special Wolf River Conservation Society patch displays the Red Wolf logo of the society and is awarded to those who canoe a section of the river no less than the shortest run of the river, or four miles.

"Young people who want to earn the patch also must complete a conservation project, under the guidance of WRCS, that helps define the character and/or history of the river or that protects the river's natural environment."

Fairbank was on hand to direct the clubber's environmental project - the planting of several red maple trees, and to award the river trail's first patches. Frank de George, Board member of the WRCS and Chairman of the program, and his wife

Cindy, also participated in the trip and awards ceremonies.

"We hope to encourage youth to enjoy and appreciate the wonderful natural assets of the Wolf River, Mississippi's first official Scenic Stewardship River, and one of the most natural and clean along the entire Gulf Coast," said de George.

DuPont's DeLisle Plant

sponsors the WRCS Canoe and Conservation Trail and Patch.

DuPont's sponsorship of the trail and patch will help make it possible for many youth who might otherwise not be able to participate to experience the Wolf River.

The Wolf River Conservation Society is a non-profit organization whose goal is to conserve,

manage, and protect the Wolf River and its watershed from its headwaters in Lamar County to its termination at the Bay of St. Louis. The Wolf River Society has approximately 200 members and holds several significant conservation easements covering 21 miles of the river in Harrison County.

## NOTICE OF PUBLIC HEARING for the 2004 Community Development Block Grant Program

The Mayor and Aldermen of the City of Waveland, Mississippi is considering applying to the Mississippi Development Authority for a 2004 Community Development Block Grant of up to \$450,000 for public facilities improvements. The State of Mississippi has been allocated approximately \$34 million for the CDBG program.

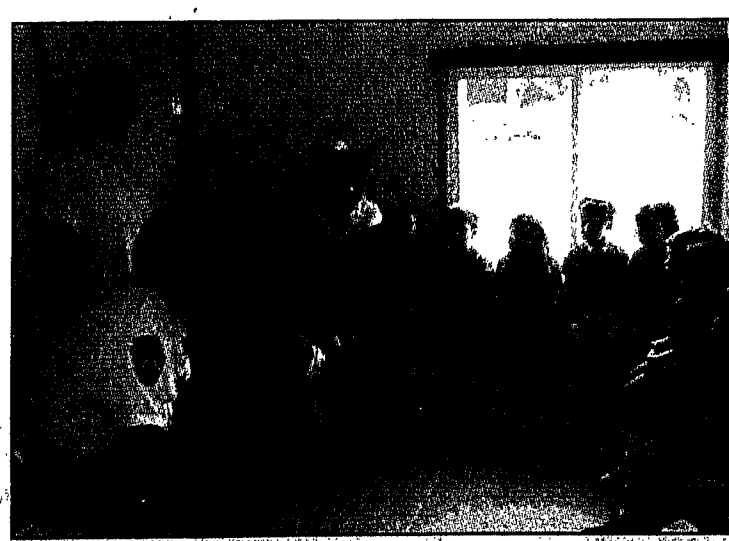

These funds described above will be made available to cities and counties on a competitive basis to undertake eligible community development activities. These funds must be used for one of the following purposes:

1. To benefit low- and moderate-income persons;
2. To aid in the prevention or elimination of slums or blight; or
3. To meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs.

The activities for which these funds may be used are in the areas of public facilities and economic development. More specific details regarding eligible activities, program requirements, and the rating system will be provided at a public hearing that will be held at City Hall, 301 Coleman Avenue, Waveland, Mississippi on Monday, November 10, 2003 at 1:00 P.M. The purpose of this hearing will be to obtain citizen input into the development of the application.

## Mexican sage a fiesta in the yard

**SOUTHERN GARDENING**  
BY NORMAN WINTER  
MSU Horticulturist  
Central Mississippi  
Research & Extension  
Center

The shorter days of the late summer or early fall can bring a Mexican fiesta to gardens around the state, and the showiest displays are those with the tall violet-to-purple spikes of the Mexican bush sage, *Salvia leucantha*.

The Mexican bush sage is a short day or long night bloomer, starting in late summer and blooming through several hard frosts. The purple, fuzzy, velvet spikes with white flowers are produced in huge quantities. The gardener growing this species could easily harvest a hundred flower stems for the vase. The gray-green foliage provides garden interest, even if the plants aren't blooming.

The ideal site is full sun though a little afternoon shade is tolerated. The soil should be very well drained, as this plant is native to Mexico. Plant on raised beds or amend heavy soils with the addition of compost or humus. Well-drained soil may encourage next year's return further north than expected.

While preparing the soil, incorporate 2 pounds of a slow-release, 12-6-6 fertilizer per 100 square feet of bed space. Space the plants 24 to 36 inches apart planting at the same depth they are growing in the container. Do not plant under street or floodlights as these bloom in response to the number of dark hours.

Give supplemental water during long dry periods. In the fall, after significant frost damage, prune to the ground level and add a layer of mulch for winter protection. Feed in the spring with a light application of fertilizer with the emergence of growth and every six to eight weeks through September. The Mexican bush sage can be lightly pruned once or twice in late April and early June to increase the number of blooming stems for fall. Harvest several stems and tie with sprigs of rosemary for hanging in the kitchen.

Unfortunately, the Mexican bush sage is mostly sold generically, but Midnight (dark purple) and Kab (dwarf lavender) are choice selections.

The Mexican bush sage is primarily a fall bloomer so plan on combining with other fall colors. The real "fiesta" will begin when

**B**uccaneer Park was the location of a dedication ceremony Tuesday morning for a long awaited monument to an important historical site in the City of Waveland, the Andrew Jackson Jr. house, located in what is now part of the park on Beach Blvd. The monument was made possible by the city funding and private donations.

On hand for the ceremony were two members of the DeBlieux family, Linda DeBlieux Hlywiak of Atlanta and John Anderson of New Orleans, the family who purchased the lease on the 16th section land from the Jackson's in 1876. The Jackson's had held the lease on the property since 1857 when they acquired it from

Asa Russ, the original lease holder.

Later that same year the original house burned. The Jackson's, Andrew and Sarah rebuilt the house, which stood on the site until 1935 when it too was destroyed by a fire. Andrew Jackson Jr. was the adopted

## 1963: Hancock County's general fund broke

**TEN YEARS AGO**  
October 7, 1993 - Supervisors agreed Monday to join a lawsuit for state-aid allocation, but not to commit the county to pay for it. Supervisor Dolph Kellar said this could mean more money for Hancock County, which receives the second lowest funds in the state. Hancock will join DeSoto County Board of Supervisors who have filed suit against the State Aid Road Division and other state offices challenging the

formula used to allocate state and federal funds.

The distribution formula for road construction and maintenance relies on 1940 U.S. Census figures. Jackson County has also agreed to join the suit.

-Bay St. Louis Councilmen unanimously passed a resolution Tuesday endorsing the Bay Youth Football organization's request to use Bay High's football stadium. Councilman Tom Farve was applauded by a crowd of parents and Bay Youth Football supporters at the

meeting for his suggested action.

**TWENTY YEARS AGO**  
October 13, 1983 - The Bay High School teachers among 10 attending a Bay St. Louis Municipal School District Board of Trustees meeting Monday night asked the officials to reconsider its recent decision to begin the next school year just after Labor Day. In their statements to the board, all three primarily objected to a one month

lapse which would result in a calendar year loss and negation of a recent state-funded salary increase. The teachers would not be under contract for the month of August.

## Crescents & Cranford shine as repeat winners

BY JOSEPH W. GEX II  
Staff Writer

The Our Lady Academy Crescents (26-12) repeated as the state volleyball champions for 2003, only this time the title came in Class I. The state split the schools into separate classifications in 2003. The state title that OLA won in 2002 was the last overall state championship in Mississippi.

The Crescents swept Bay High and Oxford in consecutive games at Madison Central High School to claim the title. And, they did it with a very young team.

The Crescents sported only one senior on the team - Rachel Cranford. The rest of the lineup was made up of one junior and some sophomores and freshmen.

OLA head coach Mike Meyers stated, "We lost five seniors from last year's championship team. When we started the season, we felt that we could be a good team, but we were inexperienced and played inconsistently early on. However, as the season wore on, we continued to improve and reached our peak in the playoffs. I am very proud of this group of young ladies. They worked very hard for

Kneeling, from left: Sarah Lolacano, Amanda Meyers, Margaret Rittner, Lakasia Ducksworth, Rachel Cranford, Kaylee Schmitt. Standing, from left: Annie Giardino, Rachel Cuevas, Lauren Renz, Jordan Fisher, Katherine Guichet, Victoria Romano

this championship."

In the semi-final match against rival Bay High School, the Crescents fell behind early 3-0 in the first game. However, when OLA went ahead in the first game, it was for good. The second game had the two teams tied at 3-3 until OLA broke the tie and went on to win. OLA defeated Bay High in straight games 15-6 and 15-5.

Meyers commented, "Against Bay High, we

started a little slow but found our stride and played a great match. I would like to congratulate Bay High and all their players on a great season. It was quite an accomplishment for two teams from the same city to play each other for the South State Championship. Our community should be very proud of all these young ladies."

In the game against Bay High, OLA was led by Rachel Cranford with 21

Rachel Cranford

assists and 6 service points. Other top players with service points were Amanda Meyers with 7, Sarah Lolacano 5, Rachel Cuevas 4, and Lauren Renz and Jordan Fisher each with three. Cuevas led the team with 7 kills followed by Kaylee Schmitt and Jordan Fisher with six. Annie Giardino had four kills in the win.

In the state title game, the Crescents were on cruise control and were never in danger of losing to the Lady Chargers.

The Crescents won both games by the scores of 15-9 and 15-8. In the first game, the Crescents jumped out to a 8-2 lead. The Lady

Chargers closed the gap to 10-8 before OLA finished them off 15-9.

In the second game, the Crescents surged to a 10-0 lead and increased it to 14-3 before Oxford charged back to cut the lead to 14-8.

Cranford paced the team in the title match with 21 assists, 2 kills, and 3 points. Lauren Renz led OLA in points with 11. Amanda Meyers and Victoria Romano each had 4 points in the game. Cuevas led the way with 6 kills followed by Renz and Schmitt with 5 each.

Meyers finished by saying, "We played very well against Oxford. There were a good volleyball team but we controlled the match from the start. You could sense that the team was not to be denied at that point."

Cranford, the lone senior on the team, closed out her volleyball career with three appearances in the state title game and having won the championship the last

two years. She has also been a member of four consecutive state titles in soccer for the Crescents. And, if winning a state title in volleyball wasn't enough to make her weekend, Cranford was crowned the 2003 St. Stanislaus Homecoming Queen at the Rock-a-chaws football game against Bay High on Friday, October 17th which the Rocks won 19-14.

The Crescents finish the 2003 volleyball season with having claimed a fourth consecutive Division 8 championship, a third consecutive South State title, and a second consecutive state title. The Crescents have appeared in the state title game three years in a row. They lost to the Lady Wave of Tupelo in three games in 2001, defeated the Lady Chargers of Southaven in three games for the state title in 2002, and defeated the Lady Chargers of Oxford in two games for the title this year.

## Hawks, Pass &amp; SSC all win; Rocks sweep featured players

BY JOSEPH W. GEX II  
Staff Writer

The St. Stanislaus Rock-a-chaws and the Bay High Tigers provided the SRO crowd on hand Friday, October 17, all they wanted to see and more 'in between the walls' at the Brother Phillip Memorial Athletic Complex.

The Hancock Hawks got back on the winning track many miles north in Natchez and the Pass Christian Pirates kept their playoff hopes alive with an overtime win on the road in Wade-Hurley.

The Rocks (4-4, 3-1) and Tigers (5-3, 2-2) met for the 37th time last Friday night with the Rocks claiming a 19-14 win. The two teams locked horns with state playoff spots on the line. The Rocks kept their division title hopes alive with the win while the Tigers' loss drops them into a myriad of possibilities with the state playoff situation. The win over Bay High also gave SSC a 20-17 lead in the rivalry series.

The Rocks scored first to claim a 7-0 halftime advantage. The lone first half score was tallied by Lee Klein who got free around the Tigers' defense for a 50-yard run. Michael Kivlan connected on the PAT for SSC.

Matt Hoda made the score 13-0 for SSC with his 12-yard run in the third quarter. Hoda finished the game with 136 yards on 29 carries and two scores.

It did not take the Tigers long to get on the board following the Hoda touchdown. A 67-yard kickoff return by Antonio Hawkins put Bay High at the SSC 29 yard-line. Tiger quarterback Zack Ferry hooked up with Lorenzo Lewis who sprinted 29 yards for the Tiger touchdown. Kyle Moran converted on the PAT to make the score 13-7.

Hoda added another Rock score on a 1-yard run in the fourth quarter. The two-point conversion failed leaving the score 19-7. Ferry worked the Tigers down the field with time clicking away. he connected with Jovon Williams for a 13-

yard scoring pass with less than a minute. Moran made the score 19-14 with the PAT. The inside kick was recovered by SSC and the Rocks ran the clock out for the win.

The game featured the crowning of Ms. Rachel Cranford of OLA as the 2003 SSC Homecoming Queen and a brilliant fireworks display at the final buzzer to help commemorate the school's 150th celebration of continuous education on the coast. The game against Bay High also marked the school's 80th Homecoming celebration which started in 1924 as 'Dad's and Grad's Day.'

Other top performers in the game were PK Keyes for Bay High who tallied 8 total hits and Jovon Williams with 6 total tackles. On defense for the Rocks, Michael Cure led the way with 7 total tackles and 7 pass break-ups. The pass break-ups all came on bone-crushing hits from the junior LB that broke the ball loose.

The Rocks shut down the Tigers' aerial assault and allowed only 62 yards through the air. The Tigers managed just 111 yards total offense in the game. The Rocks put up 300 yards of total offense on the Tigers who are desperately missing star defensive lineman Michael Gros.

The Rocks will host the Gautier Bulldogs 'in between the walls' at the Brother Phillip Memorial Athletic Complex on Friday, October 24th. The winner of the game has the inside track to the Division 8 Class 4A title. The Tigers will host the East Central Hornets in a Division 8 game. The winner of the game will secure a state playoff spot. Both games are set to kickoff at 7:30pm.

The Hancock Hawks (4-4, 1-3) notched a 26-6 region win over the Natchez Bulldogs on the road. myron Fairley moved to the offensive backfield and the Hawks converted back to their Wing T offense of old. Fairley scored the game's first touchdown in the first quarter on a 2-yard run.

Justin Ratcliff converted on the PAT.

Jarrod Barrios scored on a 6-yard run following a strong defensive series by the Hawk defense. Ratcliff made the score 14-0 with the PAT.

With about 2:17 left before halftime, Ratcliff was called upon to try a 25-yard field goal. The kick was good after bouncing in off the upright for a 17-0 Hawk lead.

Fairley was the recipient of a 9-yard scoring pass from Robert Domke late in the third quarter to make the score 23-6. Ratcliff booted a 28-yard field goal late in the game to give the Hawks' their final score and a 26-6 victory.

The Hawk defense held the Bulldogs to only 26 yards rushing for the entire game while the Hawk offense rushed for 246 yards. Jonathan Lacoste led the Hawks on defense with 12 tackles including 2 sacks. Tyler Ball had 7 tackles and a sack while Jarrod Barrios and Donald Hains each recorded 6 tackles. Wesley Oliver chipped in with 5 tackles and a fumble recovery.

The Hawks will entertain

close rival and region foe Picayune in "The Nest" on Friday, October 24th. Get there early as the sparks promise to fly in this very important region game. Kickoff is set for 7:30pm.

The Pass Christian Pirates recorded their second consecutive overtime win of the season with a 19-13 victory on the road in Wade-Hurley against the East Central Hornets.

The Pirates lone score in the first half came on a Tony Henderson 3-yard run. The Hornets led 13-6 at half-time.

In the second half, the Pirates played inspired defense and shut the Hornets out of the endzone. Chad Musgrove returned a fumble 73 yards for the tying score late in the second half.

In overtime, Henderson threw a halfback pass to Fredrick Wiley for the score. The PAT in overtime for the Pirates was no good. The Pass Christian defense came up with four huge stops to preserve the win.

Tony Henderson gained 90 yards rushing in the game with a score and a touchdown pass.

Musgrove's 73-yard fumble

return is also deserving of the highlight reel.

The Pirates will tangle with Vancleave on Friday, October 24th with playoff possibilities at stake. Kickoff for the game is set for 7:30pm.

There were many local athletes who turned in performances that are worthy of high mention; however, two Rock-a-chaws kept their team alive and in the hunt for a first-ever division title in football. The Offensive Player of the Week for Week 8 is SSC's Matt Hoda who rumbled for 136 yards on 29 carries and scored twice. Hoda, a 6-foot 240lb senior fullback, shed would be tacklers for a SSC offense that pounded out 220 yards against the Tiger defense.

The Defensive Player of the Week for Week 8 is SSC's Michael Cure whose punishing hits jarred loose several would-be receptions for Tiger receivers. Cure, a junior LB, tallied 7 total tackles and 7 pass break-ups. All of Cure's pass break-ups resulted from devastating hits on Tiger receivers. Cure led a Rock defense that limited a potent Tiger pass attack to just 62 yards.

## Great fishing throughout October

The weather the past couple of weeks could not be more uncooperative for many weekend anglers. High winds produced by cold fronts moving through always seem to hinder weekend fishing for everyone, leaving great weather come Monday for only a few.

Water temperatures have continued to drop steadily as does the outside temperature.

Low water temps in the marsh have been around 68 degrees with higher water temperature around 74 degrees.

The dropping water temperature, combined with the shrimp moving out of the marsh, will make for some great fishing for the remainder of this month.

The redfish bite has remained consistent to say the least. Good catches of 18-inch to 24-inch reds are being had along many shorelines throughout the marsh with many boats getting their limits quickly.

The play is to find an interior pond with a water depth of three to five feet.

**THE SEA COAST ECHO  
FISHING REPORT**  
by Capt. Mike Thompson  
www.shorethingcharters.com

The ideal shoreline will have clean water right up to the grass and the mud will drop off right at the grass line, not slope out into the pond.

Position your boat about 50 feet off the grass and cast right up to it.

It is important not to get too close to the grass or you will cut off the fish that are cruising the shoreline looking to eat.

I use live shrimp either Carolina rigged or under a popping cork in this scenario. I don't work the bait as much as I just let it sit and wait for the fish to cruise by and pick it up.

Occasionally I will throw a weed less fluke into the grass and pull it out in front of a fish as he is cruising by, however it is very easy to

spook them. Additionally it is important to wait for a little while between fish. Once you hook one he will kick up the water and spook the other fish for a few moments, but don't worry, their natural instinct to eat will kick in and they will quickly get back on the cruise.

It is amazing how finicky a fish the speckled trout are.

A good bite in a spot one day may produce absolutely nothing the next. A bait that has them jumping into the boat may have them running for the depths in only a few hours time.

The most consistent areas I have found continue to be around Bayou Biloxi, Bayou La Fe, Mosquito Inlet, and Ninemile. I have

ventured as far east as Fishing Smack Bay recently, however I did not find any consistent action. Live shrimp continues to be a great bait, however avocado and red H&H cocahoes are producing well along with black and chartreuse, and a few other colors.

Don't overlook topwater action this time of year. When fishing the shallow ponds for reds it is often a good idea to throw a few baits out into the middle of the pond in search of trout. Oftentimes the middle of the ponds has grass beds along their bottoms and holds some fish.

One great way to get them to strike is with a topwater bait that just drives them wild. Tie on a blue and chrome or red and white topwater bait the next time you are in this situation, just one great blow-up or takedown and it will become part of your regular routine.

Until next week be safe and please remember to be courteous to your fellow anglers.

## SSC X-country wins own invitational

BY JOSEPH W. GEX II  
Staff Writer

The St. Stanislaus cross country team placed first in their own invitational meet held on Saturday, October 18 at Buccaneer State Park in Waveland. The team was led by overall individual winner Kyle Lewis who ran a 16:10 in the event.

The Rocks tallied 55 points to second place Ocean Springs' 88 points. E.D. White of Thibodeaux placed third with 88 points but the overall standings went down to the team's sixth runner. In fourth place was Slidell High with 107 points and Resurrection placed fifth with 127 points.

SSC head coach Steve Flannery stated, "The meet was a great success and we had beautiful weather for the event. This was our largest team attendance with 27 school represented and 19 complete varsity teams. There were some fast times in all races. Also, not only did the teams all run well, they had a great time surrounding the event."

Kyle Lewis paced SSC overall winning the individual top runner honors. Troy Johnston was second on the team with a time of 17:39 which was sixth overall. Bobby Nilson was seventh overall with a time of 17:41. Kody Cannon placed 11th overall in 17:51 and Brad Reinhart rounded out the top five runners for SSC with a 30th overall finish in 19:17 which was a personal

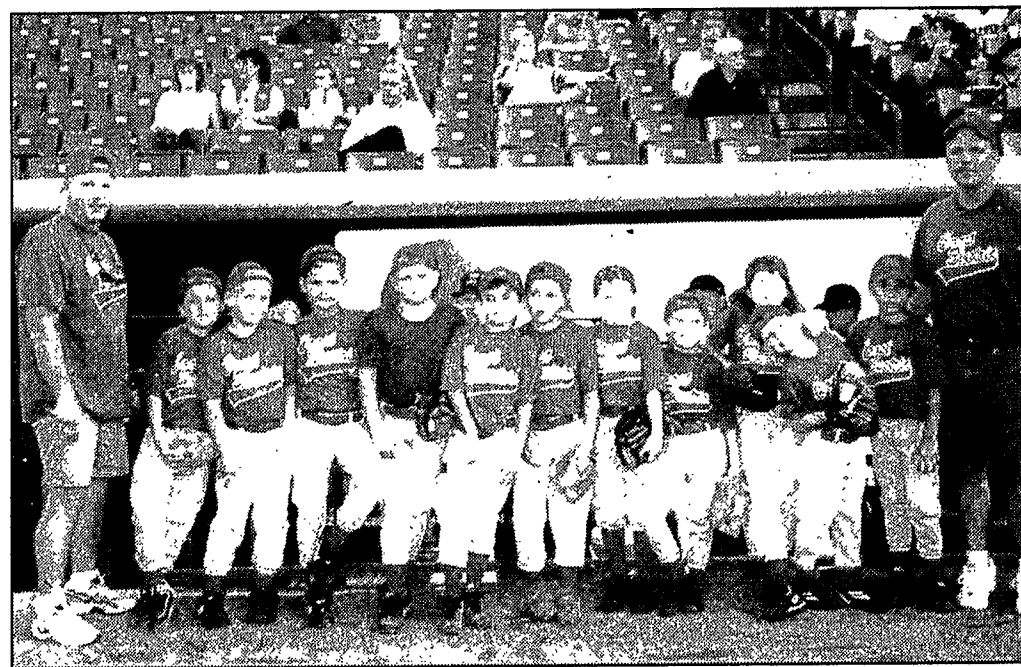

best. Flannery continued, "The varsity team continues to improve. The team is getting stronger as it prepares for the final three meets of the season."

On the junior high level, Chaz Singleton ran a 15:21

on the 4K course which was more than one minute faster than the previous best at SSC. Also, seventh grader James Abraham completed the course in 17:00 to place second on the junior high team. The junior Rocks placed sixth out of

11 teams. The Rocks will compete in the Ocean Springs Invitational on Thursday, October 23rd. The final two meets will be the district meet in Pascagoula and the state championships in Clinton.

## 7 - 8 Yr. Old Coast Electric Team becomes Zephyrs Baseball Buddies

On August 14, 2003, the 7-8 Yr. Old Babe Ruth Baseball Team sponsored by Coast Electric Power Association traveled to Zephyr's Field in Louisiana to be Baseball Buddies for the night. Each player traveled on to the field with the Zephyrs player for the corresponding position that they played as well as received free admission to the game. Coast Electric donated the money for the team to purchase t-shirts with the Zephyrs logo and the Coast Electric logo with the team roster on the back. Each player had a great time. The Team is as follows from left to right: Coach Scott Carter, Colin Sizelove, Perre' Carter, Travis Brogle, Colby Krost, Justin Hoda, PJ Courteaux, Bennet Favre, Dylan Robotti, Rebecca Oliver, CJ Chatman, Domonick Herron, Head Coach Danny Brogle. ### FORTY YEARS AGO

October 10, 1963 - County starts new fiscal year broke. The Hancock County Board of Supervisors called a halt on general fund spending for the next three months as it entered the 1963-64 fiscal year at its meeting Monday after borrowing \$25,000 against anticipated receipts of the fund to meet claims since July and upcoming obligations. The county general fund closed out the old year \$4,503 in the hole. The September claim docket ran

in excess of \$12,000 between court costs and primary elections. Two other funds closed out the year in the red, Beat 3 maintenance by \$1,414 and Beat 4 maintenance by \$4,590.

Water leaks in the roof of Hancock North Central School appear to be the result of faulty steel construction which does not permit it to drain properly, the county board of education was told Monday. Architect Fred Wagner, reporting on his investigation of the difficulty which has plagued the board since the building was completed in the Fall of 1959, warned the same problem is likely to occur on the near four-classroom addition because there does not seem to be a way to drain the water there.

### FIFTY YEARS AGO

October 9, 1953 - Narcotics man warns Bay High students if drugs. The life-wrecking effect of narcotics was described by J.B.

Battaglia of the New Orleans Police Department Narcotics division, to Bay High students at a special assembly Monday. Describing how the drugs tear into the happiness of the unsuspecting, Battaglia displayed the various types of narcotics. He emphasized how dangerous these drugs could be, especially on teenagers who are not aware of the lasting effects. Battaglia, was assisted by Arthur Sigonell, Federal Narcotics agent. The program was presented by Bay St. Louis Chief of Police Alcine Saucier.

Bay St. Louis Commissioner J. Cyril Glover warned yesterday that persons building without city permits are subject to a \$50 fine. The city ordinance requires a permit for any building repairs or new construction in excess of \$50. The permit costs only \$1 per thousand dollars. The fine for ignoring the ordinance is double the cost of the permit.

### SIXTY YEARS AGO

October 15, 1943 - S. S. Eliza Jane Nicholson launched last Saturday. The S. S. Eliza Jane Nicholson which was launched in the Industrial Canal on Saturday, was the 80th ship built by the Delta Shipbuilding Company. The ship was named for Mrs. Eliza Jane Nicholson, a pioneer in newspaper circles and former editor of the New Orleans Daily Picayune, a predecessor of the Times-Picayune. She was born in 1849 at Gainesville in Hancock County and was the former Eliza Jane Poitevant. She first achieved recognition with her poetry penned under the name of "Pearl Rivers" and soon she accepted the position as literary editor of the Daily Picayune. Her two sons Leonard K. and Yorke P. are president and first-vice-president of the Times-Picayune. York Nicholson daughter Elizabeth was the sponsor for the ship.

## Garden -- Mexican sage

Continued from Page 1B

grown with the Mexican sunflower, Tithonia rotundifolia. Though this Mexico native blooms all summer, it really struts its stuff in the fall.

This plant produces huge orange flowers with yellow centers and is a butterfly and hummingbird magnet. The old-fashioned Torch will usually tower above the

Mexican bush sage, while the All American Selections Winner Fiesta del Sol looks super as a smaller 2 to 3 foot plant. It too is very heat and drought tolerant.

In addition to the Mexican sunflower, marigolds, lantanas, chrysanthemums, angel trumpets and other salvias make great companion

plants.

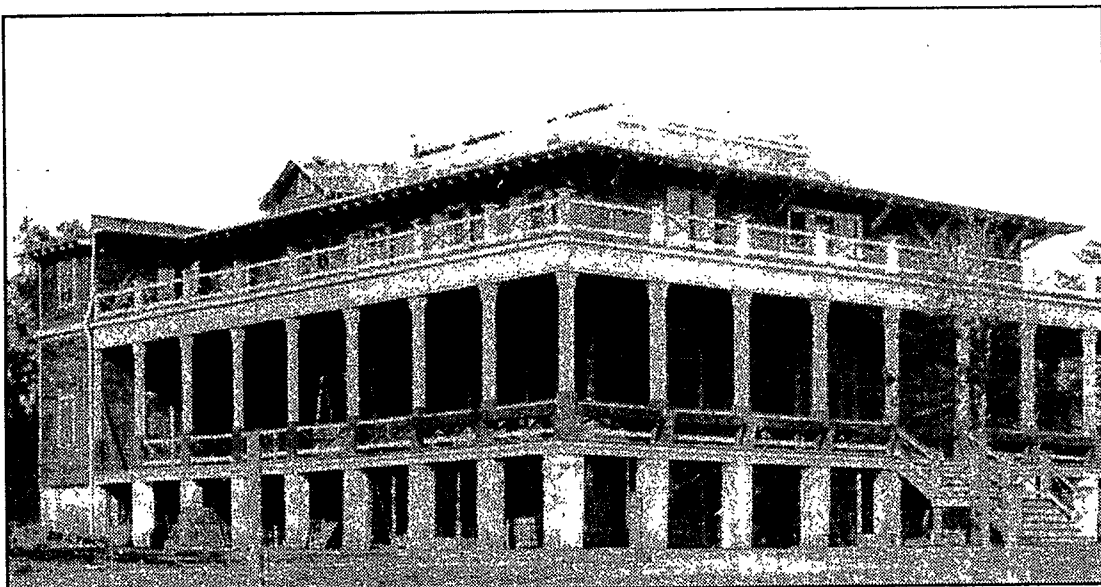

You will find the Mexican bush sage easy to propagate by division with the emergence of spring growth or by cutting. In years past, you would only find them for sale in the spring, but since they weren't blooming many gardeners would pass them by.

Now progressive garden

centers offer them in the fall as well in large pots and in bloom. So since you get two shots at this wonderful plant there is no excuse not to have them in your garden from now on. Get some this weekend.

son of President Andrew Jackson.

The original property was a section, or 640 acres, with about 318 acres of actual dry land, the rest of the section being covered by the water of the Mississippi Sound. The boundaries included all of what is now Buccaneer Park and extended to what is now Clermont Harbor.

The property was used to farm Sea Island cotton and at one time contained several out buildings and barns. The old steps to the house are about all that remains of the old plantation today. After the DeBileux family, Gulfside assembly owned the lease on the land until its sale to Buccaneer Park.

The marker will allow the site of the old plantation to be listed as a historical landmark on maps and in other publications and with the Mississippi Department of Archives and History.

Newspapers In Education is a program in which newspapers supplement traditional teaching materials in the classroom. N.I.E. programs are provided to local schools through paid sponsorship programs.

Newspapers In Education programs teach with the newspaper. Students learn to become critical thinkers through reading, analyzing and discussing newspaper stories and editorials. They use the knowledge they gain to engage in conversations with peers and family members.

If you would like to be an NIE SPONSOR or if you are a teacher and would like to use the Echo's N.I.E. program in your classroom you may contact RITA BREUN, N.I.E. coordinator at THE SEA COAST ECHO 467-5474.

## The Sea Coast Echo

N.I.E. and YOU make it possible to put our local newspaper in the classrooms to put students in touch with what is happening in their community. Thanks to you, N.I.E. is possible!

Thanks!

## 'How to Succeed' offers seasoned performers

Samantha Gregory, Trey Mauffray, Lex Mauffray and LaDonna Darrah star in Bay St. Louis Little Theatre's "How to Succeed in Business Without Really Trying," which concludes Oct. 24-26 at the John F. Holmes Playhouse at 301 Boardman Ave.

### Show ends Oct. 24-26

Staff Writer

Most cast members of "How to Succeed in Business Without Really Trying" are no strangers to the stage at Bay St. Louis Little Theatre.

Trey Mauffray plays J. Pierpont Finch, an ambitious young man intent on climbing the corporate ladder at the World Wide Wicket Company with the aid of a book entitled "How to Succeed in Business Without Really Trying."

Mauffray was last seen in "This is a Test" at Hancock High and has played in BSLLT's "A Funny Thing Happened on the Way to the Forum."

The 18-year-old Bay St. Louis resident has been involved in theater since the eighth grade.

He said his favorite part of the play is portraying Finch.

"I like the idea of manipulating high business people with the help of a little book," he said.

Eighteen-year-old Samantha Gregory will play Rosemary Pilkington, Finch's love interest.

"Rosemary is a secretary who is in love with a business ladder-climbing charmer," the Diamondhead resident said. "Her only ambition is to be a mother and housewife. She's always enthusiastic and rather naive but knows what and who she wants."

Gregory has been involved in theater since 1999 and was last seen in Hancock High's "The Effect of Gamma Rays on the Man-in-the-Moon Marigolds."

LaDonna Darrah has been involved at BSLLT since 1997. She has starred in numerous plays there, including her most recent role in "The Nerd." She also directed the summer children's program this year.

In "How to Succeed," the Bay St. Louis resident will play Hedy LaRue.

"Heddy is the frustrated mistress of Mr. Biggley," she said. "She's seen as dumb, but she is actually a sharp cookie and definitely knows how to get what she wants."

Starring as J.B. Biggley is Bay St. Louis resident Lex Mauffray.

"J.B. is the pompous president of the World Wide Wickets," Mauffray said. "He's a bit childlike and is used to getting his way. He's used to people agreeing with him."

Mauffray has been involved in theater off and on since high school. He was last seen in "A Funny Thing Happened on the Way to the Forum" at BSLLT.

Arthur Bailey Jr., of Bay St. Louis, will play Bud Frump, "who sees Finch as an obstacle to his own ambitions."

"Bud is not quite a mama's boy, but the nephew to the president of World Wide Wickets," he said. "He whines to his mother, who then complains to the president. He's a kind of neurotic, conniving man."

Bailey has been involved

in theater for over 20 years and was last seen in Gulfport Little Theatre's "Sandpicks and Scissorlegs."

These cast members and others will be directed by Jay Coker, who has been involved with theater for 17 years.

This Diamondhead actor/director was last seen in BSLLT's "The Nerd." He also directed "A Funny Thing Happened on the Way to the Forum" at BSLLT and "The Effect of Gamma Rays on the Man-in-the-Moon Marigolds" at Hancock High.

"I like the satire of the show," he said. "I think the satire often suffers for the sake of spectacle in most productions. In my own feeble way, I've decided to tone down the spectacle a bit so the satire comes through stronger — without sacrificing any of the comedy. Actually, I think it's funnier this way."

Also starring in the show are Johnney Appel, Summer Zulli, Leah

McGuire, Matt Cannon, Elaine Harter, Sandy Reese, Martin Booda, Brian Necaise, Paul Knips, Claire Haun, George Yarbrough and John Killinger.

Others involved include Scott Darrah, producer; Michelle Kessler, assistant director; Cheryl Grace, choreographer; and Rev. Scotty Hardway, musical director.

"How to Succeed in Business Without Really Trying" will finish its run Oct. 24-26.

Show times are at 8 p.m. Friday and Saturday and at 2 p.m. on Sunday.

Admission is \$12 for adults and \$7 for students

17 and below. Tickets will be available at the door on the night of the show.
